### Chapter 1 by Yutyut4

Date March 18th 2196

Well then welcome! This is going to be the history of well, earth's almost destruction. And so we first have to start out with the war. So here's how it goes.

It's 2024. ISIS has still not been taken down. Tension between North Korea and the United States has grown and grown. ISIS steps in and sends in one small bomber into North Korea. Though it turns out to be a hi-jacked U.S. plane. This creates a war that lasts decades. Though in 2108 U.S. and both North and South Korean governments fall. Many other countries had been relying on those 2 places. First China's government falls. Then African governments. And so on. The last surviving government was the U.K. because they would not let anyone in or out. Because the governments fell many people fell out of place. Only about half of the people in the U.S. were able to fend for themselves. But then a group decided to try and create a government. This idea resulted in many things...
